

# DVCPPro Test Tools

DVCPPro transports have become popular worldwide. Keep them working to peak efficiency with proper tests and set-up.

## DVCPPro Test Kit: For 25 MHz DVCPPro including the AJ-D950

Tentel offers a complete DVCPPro mechanical test kit.

The following item numbers correlate to items in the Panasonic service manual.

<u>Item</u>	<u>P/N</u>	<u>Price</u>	<u>Description</u>
1)	VFK 1145	\$645.00	T2-M30-P Back Tension meter- Equivalent to 'factory'
2)	VFK 1149	\$ 30.00	T1149 Post Driver - Equivalent to 'factory'
3)	VFK 71	\$425.00	TQ-80-P Torque gauge and adapter. - Replaces 3 'factory' items to provide accurate torque readings, often going thru the cut outs of the carriage.
4)	VFK 1191		
5)	VFK 1152		
6)	VFK 0357	\$ 45.00	T0357 Eccentric Screwdriver - Equivalent to 'factory'
7)	VFK 1154	\$745.00	TSH-P1 Post Height Fixture; Mech. Neutral Plate (Post); Mech. Neutral Plate (cassette)- All the desired functions plus reel table heights and perpendicularity.
8)	VFK 1153		
9)	VFK 1157		
10)	VFK 1155	\$325.00	T5608 Set of 3, Rev, play, and neutral positioning fixtures we've improved these 3 for easier handling, better identification and very high accuracy.
11)	VFK 1156		
12)	VFK 1208		
13)	VFK 1150	in case Pkg.	5.5 mm Nut Driver - Equivalent to 'factory'
14)	VFK 1151	in case Pkg.	2.5 mm Nut Driver - Equivalent to 'factory'
15)	VFK 1188	\$265.00	T1188, Major change: Hands free method of applying the desired 11 and 18 gms, much more accurately.
16)	VFK 0948	in case Pkg.	Front surface mirror and flash light- Equivalent to 'factory'
17)	VFK 0749	in case Pkg.	Improved, non-drying grease with improved lubricity.
18)	VFK M0R265	in case Pkg.	Molytone grease for metal - Same as VFK 0749 above.
19)	VFK 1146	in case Pkg.	00 x 75 Phillips driver - Equivalent to 'factory'
20)	VFK 1147	in case Pkg.	0 x 100 Phillips driver - Equivalent to 'factory'
21)	VFK 1148	in case Pkg.	1.5 mm Hex driver - Equivalent to 'factory'
22)	VFK 1178	in case Pkg.	.89 mm Hex driver - Equivalent to 'factory'
23)	VFK 1179	in case Pkg.	.71 mm Hex driver - Equivalent to 'factory'
24)	VFK 1190	in case Pkg.	1.5 mm modified hex driver - Equivalent to 'factory'
25)	VFK 1209	\$245.00	Torque driver (.4-3kg) - Equivalent to 'factory'
26)	VFK 0912	\$ 85.00	T0912 Post Axis Driver (1.5 mm) - Equivalent to 'factory'
27)	VFK 1300	\$850.00	A/D Converter Board, DAQ-12 - Optional in package.
45)	VFK 0369	in case Pkg.	Tweezers - Equivalent to 'factory'
46)	VFK 0371	in case Pkg.	Radio Pliers - Equivalent to 'factory'
47)	VFK 0372	in case Pkg.	Cutting Pliers - Equivalent to 'factory'
48)	VFK 0338	in case Pkg.	Trimmer Adjustment driver - Equivalent to 'factory'
49)	VFK 0337	in case Pkg.	Phillips Driver - Equivalent to 'factory'

You can also obtain the required electronic items and reference tapes from Tentel at a reduced price. Please call or email for latest pricing. The price for this full mechanical kit from TENTEEL, in a fitted attached case is \$2995. Tentel can provide the DAQ-12 A/D converter board (item #27) for \$750 with the purchase of the complete \$2995 mechanical package; a total of \$3745. The TENTEEL kit contains many 'unique' tools plus several additional tools that are not included in the 'factory' kit.

Tentel Complete Mechanical Test Tool Package \$2995.00

Tentel A/D board with 'package' purchase (P/N VFK1300) \$ 750.00

Ask about the NEW tools developed by TENTEEL during their 5-day DVCPPro training classes:  
CHAT-1 Chassis tool kit-\$95, CAMP 1 & 2 Large & Small Mounting Chassis plates-\$110 each.
